5. Session Expired
6. Maintenance Mode

TOTAL SCREENS: 83 SCREENS

This is a **FULL SAAS PRODUCT** screen list. No imaginary features. No missing UX.

HOW TO USE THIS IN FIGMA

- One frame = one screen
 - Group by section
 - Start Low-Fi → High-Fi
 - Prototype core flows only (login → dashboard → jarvis → insights)
-

😓 If you design these 83 screens: - You have a **portfolio-level case study** - You can hand this to developers
- You can pitch this as a startup

NEXT STEP (YOU CHOOSE)

A) Dashboard High-Fi layout B) Jarvis Chat UI deep design C) Full Figma sitemap + prototype plan

Just reply with **A / B / C**
